

Directions to our House

Remember: Do not trust your GPS to find us! They almost always lie. Google maps is fine, though. Cell phone coverage is spotty.

There are three sets of directions below, one from Page Mill Rd, the one from Woodside Rd.(84) one from Highway 9.

If you are coming from Los Altos, you can take El Monte to Moody Rd. and turn left on Page Mill (going uphill), and follow the directions below:

From the intersection of Page Mill and 280:

Directions from there to our house, and a map, are here:

We are at 6000 Page Mill Rd.

Head up PageMill Rd for a long time (about 30 minutes). When you pass Foothills Park, you're half way there. When you pass Monte Bello Open Space Preserve, you're about a mile away.

We are at the intersection of Page Mill Road and "dirt" Alpine Road. **You can not see our house from the road**, so watch for small green street sign for Alpine Rd. (Note: the sign seems out of place, because there are no houses around, only trees).

Here is a google street view of the sign and intersection:

When you see the green Alpine Road sign, turn right, as if you were going down Alpine. Alpine Road is dirt and blocked by a brown forest service gate, our gate is just to the left of it. The picture doesn't yet show our driveway gate; there is a grey gate there now. Follow our drive way down to the house.

If you miss the Alpine Rd. sign, and get to Skyline Rd (35), you have gone 0.5 miles too far. We are the only house for about a half a mile. Note: There is also a paved Alpine Road - it is on the other side of Skyline, 0.5 miles past our house, and you **don't** want to take that, unless you want to go to the beach.

Directions from Woodside Rd (84) and 280:

Go west on Woodside Road.

We are at 6000 Page Mill Rd.

We are at the intersection of Page Mill Road and "dirt" Alpine Road. There is also a paved Alpine Road - you **don't** want to take that - it goes the wrong way. When you are heading SE on Skyline(35) and arrive at the Page Mill intersection, **turn left on Page Mill**, not right on Alpine. Go about a half a mile down Page Mill, until you see a **green sign for Alpine Road**. This sign

seems out of place because there are no houses around, only trees and open space. Turn left, as if you were going down Alpine. You will immediately see a brown forest service gate. Turn sharply to your left (through a grey gate), and you'll be headed down our hidden drive way. Follow it to our house.

The turnoff to our house from Page Mill Road looks like this Google Street View:

Note: We are the first house you will get to on Page Mill on the left, (but you can't see our house from the road, watch for the little green street sign). We are the only house for at least a half a mile in all directions.

If you see the main entrance to Monte Bello Open Space on your right, or Los Trancos Open Space on your left, then you've gone too far. Turn around in the Open Space parking lot, head back uphill a mile, and watch closely for the little green street sign.

Directions from Highway 9 (from Saratoga, Campbell):

Take Highway 9 west, up into the Santa Cruz Mountains. Here are google maps directions from the intersection of Saratoga-Sunnyvale Road and Highway 9 (Big Basin Way):

After about 7 miles turn right (north) onto Skyline Blvd (35).

Take Skyline 6.4 miles. Turn right on to Page Mill Rd (east). Go about a half a mile down Page Mill, until you see a **green sign for Alpine Road**. This sign seems out of place because there are no houses around, only trees and open space. Turn left, as if you were going down Alpine. You will immediately see a brown forest service gate. Turn sharply to your left (through a grey gate), and you'll be headed down our hidden drive way. Follow it to our house.
